Eriez' 5-Star Service® Provides Regular Equipment Checks with Detailed Reports Via Inspection/Preventive Maintenance Program

Erie, Pa. — Eriez' 5-Star Service® helps eliminate or reduce equipment downtime by ensuring that customers' magnetic, vibratory and inspection processing equipment is quickly back in operation and functioning at peak performance. Eriez provides regular equipment checks and detailed reports as part of the company's [5-Star Service Inspection/Preventive Maintenance Program](#).

Dave Hansen, Eriez Customer Service Manager, explains, "Inspection and Preventive Maintenance are available individually. We also inspect non-Eriez equipment."

Checking equipment on a routine basis can help customers:

- Achieve maximum quality and productivity from their processing equipment
- Maintain highest product quality
- Identify equipment problems before they occur
- Reduce production downtime caused by broken equipment
- Meet quality objectives and goals

Eriez' 5-Star Service has the experience and training to perform inspections and maintenance on a variety of magnetic separation and vibratory equipment, including (among others) vibratory feeders and conveyors, bin vibrators, industrial metal detectors, eddy current separators and lifting magnets.

Need your equipment inspected and maintained? For a proposal, Call Eriez toll-free at 888-999-ERIEZ (3743) or visit: <http://service.eriez.com>.
