Eriez' Re-Designed Food Industry Equipment Brochure is a Helpful Guide for Solving Equipment Selection Challenges

Eriez® introduces a new brochure to help food industry professionals select equipment to maintain purity and quality, while increasing overall operational efficiency. "Our new brochure, 'Equipment for the Food Industry,' provides valuable application and product information to help industry professionals find the right blend of equipment to best suit their application requirements," said Dave Heubel, National Sales Manager.

The new brochure incorporates customer testimonials, including Goya® Foods' Houston Texas facility and Huhtamaki Packaging. Both companies report positive results from utilizing Eriez equipment in their processes.

Detailed product information describing Eriez' [equipment for the food industry](#) appears throughout the brochure, along with vivid photos. Products featured in the brochure include magnetic plates, grates, traps, metal detection systems, vibratory feeders, screeners and conveyors, x-ray inspection systems, magnetic humps, magna rails and rolls, radial field cartridges, bin vibrators, magnetic filters and separators.

The brochure also highlights Eriez' economical series of [ProGrade™ Magnetic Assemblies](#), which are available at three strength levels to satisfy every process application need. "Whether users are seeking a low cost plate magnet for equipment protection or a high power sanitary grate magnet to ensure process purity, **ProGrade** gives customers the best for less," said Heubel.

To get a free copy of "Equipment for the Food Industry" contact Eriez and request brochure B-95. Online users can download a PDF of the literature from www.eriez.com

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez

manufactures and markets these products through ten international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada.
